I Can See Through Your Eyes  
I Know what's going through your mind  
But I know the pain, That I had to prove the last time  
So Many Reasons We Can Lie  
So Little Room on either side  
Tell What Remains  
If We Turn Away and Save Our Pride  
You Won't Make It Right

Maybe This Time (Ohh... Maybe This Time)  
We Don't Need to say it's over  
(Ohh... Maybe This Time)  
We Can Stop Before The Light  
Before we both decide to say goodbye  
Maybe this time...

I Never Understand You  
Or Maybe just your point of view  
We are not the same  
But we're not so low we can rise  
To a compromise

[Chorus:]  
Maybe this time (Ohh... Maybe This Time)  
We Don't Need To say it's over  
(Ohh... Maybe This Time)  
We can stop before the light  
Before we both decide to say goodbye  
Maybe this time... we'd get right

Everytime I hear your voice  
Try not to think  
All that I can hear above it all  
This time you'll stay

(Guitar Solo)

Don't Say Goodbye  
Give It One More Try

[Chorus:]  
Maybe this time (Ohh... Maybe This Time)

We Don't Need To say it's over  
(Ohh... Maybe This Time)  
We can stop before the light  
Before we both decide to say goodbye
