"You Pull Me Down"

Every day -- I wake up out of breath
Things you said -- can't be forgotten yet
So maybe you were right -- maybe I've been swept
away
As this rising tide is fed by another wave -- another
wave
CHORUS:
You pull me down -- as I begin to drown
You pull me down
You pull me down -- until I can't be found
You pull me down
I can't run away -- I've got no place to go
So I look inside -- and I see you there alone
If you could ride along -- with all my highs and lows
You might find a man -- you thought you'd never know
You never know
CHORUS
