I talk to Annie at the Star Light Inn
She said you're down there last night up to no good
again
And I cried my heart out
Why you wanna tear my heart right out

Monkey see and monkey do
Why misery loves company, so who was lovin' you
As I cried my heart out
Why you wanna tear my heart right out

Well, no more tears are cried for you
The only ones here are in my shampoo
Ohhh I cried my heart out
I cried my heart out
Yes I cried my heart
I cried my heart out

Now Mama said your love ain't even worth a dime
A lying face down in the dirt just buying time
I cried my heart out
As you tore my heart right out

A penny for your thoughts
Too much and out of reach
Ya put your money where your mouth is
And your talk comes cheap
I cried my heart out

Why you wanna tear my heart right out
I spilt milk at least a gallon out on the floor
It rolled around I splashed it around
I threw the empty jug right out the door
I cried my heart out

Yes, I cried my heart right out
No more lies, no no, please say no more
The more you say
I say I've heard it all before
I cried my heart
As you tore my heart right out

See, you had your chance
I've had it up to here
As you did your last dance
I cried my last tear
I cried my heart out
As you tore my heart right out

You ain't the first
You won't be the last
I'm gonna put it all behind me
And in my past

I cries my heart out
I cried my heart out
I cried my heart out
I cried my heart out
