I'm in pain, but I understand the things you're trying to say.

So if its too late and I can't create a way to fix my mistakes

I'll be on my way to another state I won't stay another day.

Just say the word and I'll be on my curb (I think)
Cause that's all that I deserve.

Don't want nobody else but you.

Won't settle for somebody new.

Don't wanna live this life without you.

I need you here with me right now..

You ever wanted something so bad that you just can't have??

You ever needed that one thing that's not in your grasp.

It's you that I'm wanting and needing like that.

So baby do me this favor and come right on back to me..

On my own, I'm not feeling strong, and I'm gonna stay alone.

Cause moving on is not what I want, the thought of it feels so wrong.

I call your phone, your never home and I'm tired of that ring back tone.

Just speak to me so I can live the dream of being back in ur arms..

Don't want nobody else but you.

Won't settle for somebody new.

Don't wanna live this life without you.

I need you here with me right now..

You ever wanted something so bad that you just can't have??

You ever needed that one thing that's not in your grasp.

It's you that I'm wanting and needing like that.

So baby do me this favor and come right on back to

me..

Ever wanted something so bad
Ever needed something not in your grasp
It's you that I'm wanting like that
So do me this favor...
Ever wanted somerthing so bad ((said I want you))
Ever needed something not in your grasp (oooh oooh
oooh))
It's you that I'm wanting like that ((like that))
So do me this favor...

So baby do me this favor and come right on back to me
You ever wanted something so bad that you just can't
have??
You ever needed that one thing that's not in your
grasp??
It's you that I'm wanting and needing like that.
So baby do me this favor and come right on back to
me..
Come right on back, come right on back to me...
