Take no prisoners  
Hold the line and shoot the blame  
There's something in us can't let go  
We've changed  
Words don't come easily anymore  
And when they do  
They come out wrong

Chorus:  
And we fight  
Like there's a war going on  
We fight like guns and daggers are drawn  
We fight all night and into the dawn  
And wonder what went wrong  
And we're at war  
And we're at war

Bitter tasting  
Kisses from your lips  
Empty spaces between us still

Chorus:  
And we fight  
Like there's a war going on  
We fight like guns and daggers are drawn  
We fight all night and into the dawn  
And wonder what went wrong  
And we're at war  
And we're at war  
Won't someone wave the white flag  
There's a chance we might still last  
Retreat and get back on track  
All we want is our love back  
Don't want us to be strangers  
Is still love you

Chorus:  
And we fight  
Like there's a war going on  
We fight like guns and daggers are drawn  
We fight all night and into the dawn  
And wonder what went wrong

And weâ€™re at war  
And weâ€™re at war

Wonâ€™t someone wave the white flag  
Thereâ€™s a chance we might still last  
Retreat and get back on track  
All we want is our love back  
Donâ€™t want us to be strangers  
War  
Is still love you  
Something to change us

War (repeat)
