How do you fight your demons when you don't believe
in God?

Why should I try clean living? not being dirty feels so
odd

Love to see tomorrow, but today may be my last
Say it's time to grow up, rather die so kiss my ass

(They'll never take me, they can't steal my mind
My heart keeps beating long after my time)

We never rest, (FUCK YOU!)

My protest, (FUCK YOU!)

Never scared, (FUCK YOU!)

We never cared,

As a chorus sings behind me, my words express my
dreams

In a world of smoke and mirrors, yeah where nothing's
what it seems

I have a feeling deep inside this world is gonna end
Ticking clock, burning fuse, a message that I send
Turn up this stereo and send it to the world,
Broadcast my signal out to every boy and girl
If I could live for one more day I'd go out on my feet
And I would keep on forcing change, keep burning up
these streets

(They'll never take me, they cannot steal my mind
I'm still breathing!)

We never rest, (FUCK YOU!)

My protest, (FUCK YOU!)

Never scared, (FUCK YOU!)

We never cared,

As a chorus sings behind me, my words express my
dreams

In a world of smoke and mirrors, yeah where nothing's
what it seems

(This is what I give to you, it is my epitaph,
As my body burns, one thing you can have

Planted firmly in the middle of my hand
So wave it in the air for one and all to see
My final thought, a parting gift
A little fucking piece of me, Go.)

We never rest, (FUCK YOU!)
My protest, (FUCK YOU!)
Never scared, (FUCK YOU!)
We never cared,
As a chorus sings behind me, my words express my
dreams
In a world of smoke and mirrors, yeah where nothing's
what it seems.
