Will the sun come in?
Will it shine on my face?
Will it burn so bright
Take away all this pain?

Will you lead the way?
Take me to the revolt?
Help me find the things
Things I can't seem to hold

Where's the silver lining
On my cloud?
What the fuck is this shit
That keeps coming around?

I cannot give respect
Nor can I comprehend
When all of this pain
And hurt never ends

Where's my guiding light?
I escape through my pen
I still follow these tracks
They just never end

I've just got to get out
But I'm too scared to jump
Take one leap of faith
For this fight never ends

This fight never ends
This fight never ends
This fight never ends

Can I derail desperation train?
(Desperation train)
Can I derail desperation?
(Desperation)

Can I derail desperation train?
(Desperation train)
Can I derail desperation?

(Desperation)

Can I derail desperation train?

(Desperation train)

Can I derail desperation?

(Desperation)

Can you take me away

From this place?

Give me a weapon

To fight this pain

I will take the sun

Hold it in my hands

If we both believe

Then the pain just can't win

So don't let go

Come on hold me tight

We'll face our sorrow

Face it with a fight

I will derail desperation train

(Desperation train)

I will derail desperation

(Desperation)

I will derail desperation train

(Desperation train)

I will derail
