Hands tied; crucified, lost, found, entombed we collide.  
Black whole, my brain,  
Focus, insane,  
Left out, betrayed,  
Your hole, my vane,  
I can't sustain, for much longer,  
Without your pain, makes me stronger  
Sandpaper licking my wounds, I want more, make me hate myself!

Ice cold, disown, sickened now,  
I can't die in this balloon, suffocating,  
This world, disown, sickened now, and now I'm breaking free

I can't feel with this fucking insane, I can't feel with you fucking my brain,  
I can't feel unless you pushed from inside, I caress then crush, hope and the light,  
I will burn this book, shove it inside, Shove it up my ass, spit out your pride,  
I can't think, I'm just fucking instead, Somebody slit my throat, D.B.S!  
Sandpaper licking my wounds, I want more, make me hate myself!

Ice cold, disown, sickened now,  
I can't die in this balloon, suffocating,  
This world, disown, sickened now, and now I'm breaking free  
Ice cold, fit the mould, crushing me, I'm breaking free,  
I can't die in this balloon,  
Blood! I wasn't born from this womb,  
Pain! This world, crushing me alive,  
Cum! My will is stone, my hope won't die,  
Blood, pain, cum, insane,  
Blood pain, cum, the same

I collide, consumed inside,  
This hate, this life, then we slide,  
Entombed inside we collide,

I collide, then it dies

Ice cold, disown, sickened now,  
I can't die in this balloon, suffocating,  
This world, disown, sickened now, and now I'm  
breaking free  
Breaking free
