I've got my discontent, I've got my right to vent,  
And if you question me, I'll show you who I've got to be,  
I've got to strive for something, I will not die for  
nothing,  
It's time to bend for no one, anger release, gone,  
gone, gone  
I give my life to free will

I have no other way, I give my life to you,  
I cannot see another day,  
Unless we leave this place, follow our hearts and  
minds,  
Live strong and we will find our way

Won't take this sitting down, I won't be pushed around,  
I've got one life to live, I've got so much I have to give  
And all this information, fed to us by a nation,  
With sights set on your freedom elimination, I give my  
life to free will,  
I must think to be free, hold on to identity

I have no other way, I give my life to you,  
I cannot see another day,  
Unless we leave this place, follow our hearts and  
minds,  
Live strong and we will find our way

We will find our way, we will find ours,  
We will live strong, we will find ours,  
We will live strong, we will find ours,  
We will live strong, we will find ours,  
We will live strong, we will find our way,  
We will find our way, we will find our way!

I have no other way, I give my life to you,  
I cannot see another day,  
Unless we leave this place, follow our hearts and  
minds,  
Live strong and we will find our way

I have no other way, I give my life to you,  
I cannot see another day,

Unless we leave this place, follow our hearts and  
minds,  
Live strong and we will find our way,  
We will find our way, we will find our way,  
We will find ours, we will live strong!
