I don't think God's broke
So I don't give a shit.
You're paying through your teeth
Don't think you're getting it.
Put your money where your mouth is
Let's go heal the sick.
Let's see some miracles now
I'm drowning in bullshit!
In the face of defeat we must rise again.
In this world of deceit we must never bend.
When you end up on the bottom
I'll rise to the top.
Don't put the brakes on now
'cause I will never stop.

I don't wanna pay
This is not a life.
Will you just let me
Die! die!
Sacrifice my soul
Don't have to waste my time.
I'd rather curl up and
Die! die!
I don't wanna pay
This is not a life.
Pass the plate
Watch the blood drip from your hands!

Brainwashed victims talk to God for a nominal fee.
Drop a coin in the can
Hell no!
Not me!
Your parents and your teachers
They're all robots too!
Leading sheep to the slaughter

Kids like me and you!
Bible thumpers
Disguised as your favorite band.
Spreading hate and propaganda across God's great
land.
Taking advantage

Of all your parents' money.
Open your eyes, man.
Don't you think it's kinda funny?

I don't wanna pay
This is not a life.
Will you just let me
Die! die!
Sacrifice my soul
Don't have to waste my time.
I'd rather curl up and
Die! die!
I don't wanna pay
This is not a life.
Pass the plate
Watch the blood drip from your hands!
From your hands!

Noooooooooooo!
I don't wanna pay
This is not a life.
Will you just let me
Die! die!
Sacrifice my soul
Don't have to waste my time.
I'd rather curl up and
Die! die!
I don't wanna pay
This is not a life.
Will you just let me
Die! die!
Sacrifice my soul
Don't have to waste my time.
I'd rather curl up and
Diiiiiiiie!
