It's unsuspecting, it seems to find us now
When we least suspect, it tries to pull us down
Agonizing pain this loss of life
Rips through us now this is our fight

Every thing's a painful reminder
How could the world do this to me
And when I reach out to find you
This world has taken you from me

And if I ever said our time was not well spent
Those are the times I wish for, now it's my lament
It is the crown I wear, it is the crown of shame
Guilt I carry to the world I place the blame

I've gotta keep pushing and fighting and moving on
(When the pain is all I see)
I've gotta keep moving forward and moving on
(When the pain is all I need)

I've gotta keep pushing and fighting and moving on
(When the pain is all I see)
I've gotta keep moving forward and moving on
(When the pain is all I need)

The pain is all I need
Yeah, yeah, yeah
Yeah, yeah, yeah

Every thing's a painful reminder
How could the world do this to me
And when I reach out for you
This world has taken you from me

I've gotta keep living for you
They can't take you from me
And as I scream out to you
I hope that you hear me

And if I ever said our time was not well spent
Those are the times I wish for now, it's my lament
It is the crown I wear it is the crown of shame

Guilt I carry to the world I place the blame

To the world I place the blame
Yeah, yeah, yeah
Yeah, yeah

Every thing's a painful reminder
How could the world do this to me
And when I reach out for you
This world has taken you from me

I've gotta keep living for you
They can't take you from me
And as I scream out to you
I hope that you hear me

I've gotta keep living for you
The pain is all I need
And as I scream out to you
The pain is all I need

Hope is all I see
