[Lead chorus]:

I'm just a shy girl -- shy girl.

I'm just a shy girl -- shy girl.

Don't wanna let you drive me outa my senses.

I'm just a little girl, can't ya see?

And now you've broken down all my defenses.

I'm gonna love ya to the tenth degree, hey!

[Backup chorus]:

I'm just a little girl in the dark.

The things you say tear me apart.

You know you get your way with my heart.

Turn out the light baby -- you know why.

I told you twice I'm much too shy.

Take it slow, what I'm tryin' to say,

Baby, baby take me all the way.

[Backup chorus]

[Lead chorus]

Do you really love me baby?

Tell me you love me-e-e...

Tell me over and over,

Tell me over and over,

I didn't know there were boys like you.

Tell me you love me and I'll tell you why.

A girl like me is just so shy.
