Tryin' to analyze every angle, situation
Tryin' to find an explanation
'Cause it's gettin' aggravating
Why my relationships never seem to work out
Beginnin' to worry and doubt

If I'm even able to detect he's the one
When this day you're wonderin'
Why I haven't seen the sun
Shine his light on my heart and help me ease the pain
'Cause I'm gettin' tired of the rain

Fallin' on my heartbreak and I
Get my hopes up when I'm in love
Until we break up then I'm back to the
Same spot, I've been lonely, drownin'
'Cause every guy turns out to be the same
So now I'm questionin' is it me to blame

Is it me? Am I so complicated?
Is it me? Or is love over-rated?
Is it me? 'Cause I don't quite understand
Why it never turns out how I thought I planned it

Is it me? Am I too independent?
Is it me? Not ready for commitment?
Is it me? 'Cause it doesn't seem to last
And it's the only question that I never asked

Maybe I'm longin' for it more than I should be expecting
All the standards that I'm settin', unrealistically I'm
gettin'
Possibly in the way of what is left to have in store
Because I'm so confused and insecure

'Cause when I know for certain everything is goin'
wrong
I permitted to prolong, tried my best to hold on
My Mister Right's probably hangin' round my window
pane
While I look through only watchin' the rain

Fallin' on my heartbreak and I
Get my hopes up when I'm in love
Until we break up then I'm back to the
Same spot, I've been lonely, drownin'
'Cause every guy turns out to be the same
So now I'm questionin' is it me to blame

Is it me? Am I so complicated?
Is it me? Or is love over-rated?
Is it me? 'Cause I don't quite understand
Why it never turns out how I thought I planned it

Is it me? Am I too independent?
Is it me? Not ready for commitment?
Is it me? 'Cause it doesn't seem to last
And it's the only question that I never asked

Never thought it could be that it's me
Till I realized I'm the only
Common factor and played a big part
In lettin' people break my heart

Never noticin' I was wasting time
Askin' the same thing every time
Who were you with? And where were you at?
Until I took the time to turn and look back

Is it me? Am I so complicated?
Is it me? Or is love over-rated?
Is it me? 'Cause I don't quite understand
Why it never turns out how I thought I planned it

Is it me? Am I too independent?
Is it me? Not ready for commitment?
Is it me? 'Cause it doesn't seem to last
And it's the only question that I never asked

Is it me? Am I so complicated?
Is it me? Or is love over-rated?
Is it me? 'Cause I don't quite understand
Why it never turns out how I thought I planned it

Is it me? Am I too independent?
Is it me? Not ready for commitment?
Is it me? 'Cause it doesn't seem to last
And it's the only question that I never asked
