I woke up from dreaming  
I dreamed I got a call from a friend of mine, she  
sounded really lonely  
But I had somewhere to be  
I said I'll call you later  
'Cause I really had to go, I can't be late, she'll be okay,  
this is important  
Then I forgot completely

*[Bridge:]*

You can be who you choose to be  
But whether you do, or whether you don't  
Depends on your priorities  
And I know that it's not easy

*[Chorus:]*

I'm looking for the peace to find some sleep tonight  
'Cause I'm  
Not very proud of the way I have lived today  
But if I choose to  
Follow Him along the way  
Then maybe I won't look back  
Feel like time has gone and passed me by  
Then maybe I won't look back

*[Bridge 2:]*

On those days I could have said something  
In those times when help was needed I was busy  
Was it worth it, no I don't think so, Cause now I see the  
moment is gone  
In some way I could have done something  
A thoughtful word a simple smile but I was selfish,  
But if I change my heart today, tomorrow it may be  
okay  
And maybe I won't look back

I woke up from a nightmare  
Where I was talking down this street, invisible and no  
one else could see me  
All my chances were gone  
I can't get your attention  
I've had many things to say, but never tried, afraid you

wouldn't listen  
Should of done it all differently

*[Bridge]*

You can be who you choose to be  
But whether you do, or whether you don't  
Depends on your priorities  
Lord help me to choose them wisely

*[Chorus]*

I'm looking for the peace to find some sleep tonight  
'Cause I'm  
Not very proud of the way I have lived today

But if I choose to  
Follow Him along the way  
Then maybe I won't look back  
Feel like time has gone and passed me by  
Then maybe I won't look back

*[Bridge 2]*

On those days I could have said something  
In those times when help was needed I was busy  
Was it worth it, no I don't think so, Cause now I see the  
moment is gone  
In some way I could have done something  
A thoughtful word a simple smile but I was selfish,  
But if I change my heart today, tomorrow it may be  
okay  
And maybe I won't look back

*[Rap:]*

I can't hold back, I can't be shy  
This is my big chance to be living the life, I gotta  
Stand up strong and take the ride  
Throw all those useless excuses aside  
So much to do, I got a lot to say  
I don't always understand but I'll follow anyway  
'Cause there is a bigger plan, a destiny  
I can't waste this precious time

*[Chorus]*

I'm looking for the peace to find some sleep tonight  
'Cause I'm  
Not very proud of the way I have lived today  
But if I choose to  
Follow Him along the way  
Then maybe I won't look back  
Feel like time has gone and passed me by  
Then maybe I won't look back

*[Bridge 2]*

On those days I could have said something  
In those times when help was needed I was busy  
Was it worth it, no I don't think so, Cause now I see the  
moment is gone  
In some way I could have done something  
A thoughtful word a simple smile but I was selfish,  
But if I change my heart today, tomorrow it may be  
okay  
And maybe I won't look back

Then maybe I won't look back *[x2]*
