Yeah yeah  
Yeah yeah yeah yeah yeah  
Yeah yeah  
Yeah yeah yeah yeah yeah

Yeah yeah  
Yeah yeah yeah yeah yeah  
Say a single prayer  
Yeah yeah yeah

So stressed, no hope  
Where do I go now?  
Seems like all of life's tests  
Take me further from You

It amazes me how You rescue me  
From a world that moves so fast  
So completely You receive me  
Into Your arms at last

With a single prayer  
You restore my soul  
When life's not fair  
I know where to go

To renew my strength  
To keep goin' on  
No, I'll never be alone  
With a single prayer  
You restore my soul

Yeah yeah  
Yeah yeah yeah yeah yeah  
Yeah yeah  
Yeah yeah yeah yeah yeah

Yeah yeah  
Yeah yeah yeah yeah yeah  
Yeah yeah yeah

Lord, You give me the strength  
To know when I'm weak

And to seek Your guiding hand  
When I get down on my knees, piece by piece  
You make me whole again

With a single prayer  
You restore my soul  
When life's not fair  
I know where to go

With a single prayer  
You restore my soul  
When life's not fair  
I know where to go

To renew my strength  
To keep goin' on  
No, I'll never be alone  
With a single prayer  
You restore my soul  
With a single prayer  
You restore my soul

Yeah yeah  
Yeah yeah yeah yeah yeah  
Yeah yeah  
Yeah yeah yeah yeah yeah

Yeah yeah  
Yeah yeah yeah yeah yeah

I know I'm not alone  
I've got a place to go  
You always know  
You restore my soul

And when I need a friend  
Your love will never end  
No, no, no, never end

With just a single prayer  
You'll always [Incomprehensible] me there  
Rather where I am

It amazes me  
How You rescue me  
Consistently
