Lately I've been feelin' kinda heavy  
Could it be all the baggage I'm carrying  
I had a guy who wasn't right  
Talk about love and I gotta think twice

I mean, he really worked a number  
Up in my mind when I was open  
Not just my lover was my best friend  
But he stole my heart and kept runnin'

It's either love or life I want it all  
But sometimes I may not get all the calls  
Will you pick me up baby when I fall?  
Keep me safe in your arms

I know, I might be movin' slow  
We can pick it up later down the road  
It's a bit difficult to give you control  
But let's see where it goes

'Cause I've been lied to cheated on  
But you can make it right  
If you can come and save me, save me  
So won't you come and save me, save me?

I can't trust, the truth be told  
But you can make it right  
If you can come and save me, save me  
I'll let you come save me, save me

So far my life has been crazy  
Like a reality show but baby  
Can you take the drama out my life?  
Make me forget all the tears that I've cried

Oh, I think I better warn ya  
What you see ain't just what you gon' get  
Pieces of me ain't right, they're still left  
Can you pull them together, yeah?

It's either love or life I want it all  
But sometimes I may not get all the calls

Will you pick me up baby when I fall?  
Keep me safe in your arms

I know, I might be movin' slow  
We can pick it up later down the road  
It's a bit difficult to give you control  
But let's see where it goes

'Cause I've been lied to cheated on  
But you can make it right  
If you can come and save me, save me  
So won't you come and save me, save me?

I can't trust, the truth be told  
But you can make it right  
If you can come and save me, save me  
I'll let you come save me, save me

I was trapped within my pain  
Not long ago  
It's still hard  
But I try to do the best I can

Understand if  
My heart breaks again  
It's already done, it's over  
'Cause I know my heart will never mend

But you can make it right  
You're gonna make it right

I've been lied to cheated on  
You can make it right  
If you can come and save me, save me  
So won't you come and save me, save me

I can't trust, the truth be told  
But you can make it right  
If you can come and save me, save me  
I'll let you come save me, save me

I've been lied to cheated on  
You can make it right  
If you can come and save me, save me  
Save me, save me

I can't trust, the truth be told  
But you can make it right  
If you can come and save me, save me  
I'll let you come save me, save me

Your love is saving me
