Verse:

I just know, that I never felt like this
And I know, its because you exist in my life
Like hope shining bright
Through the stormy skies (oh yea)
And thats why
I could never turn away
From you
I'd be some kind of fool
To think i could loose your love
You know thats something I cant do

Chorus:

Cuz you're the answer
To the questions
The reason tt teh rhyme
You're the rhytm to my heart
When it beats out of time
Im so thankful Lord
That you are mine
Its true
That you are my soul tattoo

Chorus:

Lord you know
All that I want to do
Is to spend
My life loving you
Its your love
Time and again that pulls me through
And I want to sat thank you
Chorus

Verse:

Etched on my soul
Your love is so true
Always in my soul
In Your arms forever
Stamped forever
Here in my soul
