From your walk to your style
From your lips to your smile
Got me feelin' like a child
And, baby, I just want it all for me
Baby, tell me that it's all for me

From your kiss to your touch
Got me needin' it so much
Boy, I got a crush
And with you is where I wanna be
So please tell me that it's all for me

I love it, I don't want it to stop
Every minute I'm without you, always seems like a lot
Feels like I'm in a dream
When I'm not every time I get close to you
Please don't wake me, baby, 'cause

I really hate seein' you go
But you gotta handle business, yeah, baby, I know
[Incomprehensible]
When you walked out the door
Please take me away with you

From the look in your eye
You want me as bad as I want you in my life
Baby, lovin' you feels like a dream
And your lovin' has become a need

Every time that you go
I get a pain in my heart and that lets me know
I just gotta have you all for me
Baby, tell me that it's all for me

I love it, I don't want it to stop
Every minute I'm without you, always seems like a lot
Feels like I'm in a dream
When I'm not every time I get close to you
Please don't wake me, baby, 'cause

I really hate seein' you go
But you gotta handle business, yeah, baby, I know

[Incomprehensible]
When you walked out the door
Please take me away with you

I love it, I don't want it to stop
Every minute I'm without you, always seems like a lot
Feels like I'm in a dream
When I'm not every time I get close to you
Please don't wake me, baby, 'cause

I really hate seein' you go
But you gotta handle business, yeah, baby, I know
[Incomprehensible]
When you walked out the door
Please take me away with you

A love like yours is hard to find
Can I be yours, will you be mine?
I think it's time
Please take me away with you

'Cause you bring out the best in me
The greatest love I've ever seen
Is what I need
Please take me away with you

I love it, I don't want it to stop
Every minute I'm without you, always seems like a lot
Feels like I'm in a dream
When I'm not every time I get close to you
Please don't wake me, baby, 'cause

I really hate seein' you go
But you gotta handle business, yeah, baby, I know
[Incomprehensible]
When you walked out the door
Please take me away with you
