Come close
Close to me so I can kiss you and wrap my hands
My hands around your body

When you're gone I really
Really miss you
Here we are
Rock
Rocking slowly

Come close
Close to me so I can reach you and paint you
Paint you a story

When you're gone I really
Really miss you
Here we are
Rock
Rocking slowly
Come close
Close to me so I can kiss you and wrap my hands
My hands around your body

When you're gone I really
Really miss you
Here we are
Rock
Rocking slowly

I wanna reel you in and bring you closer to me
Nothing can stop you from coming to me
