With the sun on my back,
And my feet in the clouds,
I'm dreaming, I am dreaming but you bring me down,
The breeze in my hair, I can be anywhere,
I smile just knowing that I made it here

Don't try to take what's mine,
I've made a few mistakes,
It's easy to run my mouth,
It's harder to walk away

I walk in the park, while we're breezing the street
A minute is all it takes to change everything,
Once was color is not black and white
It's not about you or me, but wrong from right

Don't try to take what's mine,
I've made a few mistakes,
It's easy to run my mouth,
It's harder to walk away

I like who you've become
(It's easier to run away)
I like what you have done
(It's easier to run away)

It's easier to run away,
But everything is not okay
It's easier to run away,
It's easier to run

Don't try to take what's mine,
I've made a few mistakes,
It's easy to run my mouth,
It's harder to walk away (2x)

Don't try to take what's mine,
I've made a few mistakes,
It's easy to run,
It's easy to run,
It's harder to walk away
