You don't tell me what you want
But you expect more
Can't you see I trying here
We're laying on the floor
You don't show me anything
Expect for the door

You ask me if I want this
Then tell me that you wanted more
My head in my hands
My back against the wall
You can't light this fuse
And this expect it all

Weather on fireworks
No more electricity to make it work
Weather on fireworks
No more electricity to make it work
Weather on fireworks

If you could just tell me
What you need
(What you need)
Please just tell me something
So I can believe
My head in my hands
My back against the wall
You can't light this fuse
And this expect it all

Weather on fireworks
No more electricity to make it work
Weather on fireworks
No more electricity to make it work
Weather on fireworks

Fireworks
Fireworks
(No more electricity)
Fireworks
(To make it work)

Fireworks

Weather on fireworks

No more electricity to make it work

Weather on fireworks

No more electricity to make it work

Weather on fireworks

Fireworks

(There's no fireworks)
