In the spotlight  
You never get cold  
Under the knife  
You never grow old  
You're prettier and skinnier  
And these things that misery bring

It was just yesterday  
You were innocent  
So innocent  
The trouble that life brings  
Don't you fall for it  
Don't you fall

With happy pills  
You shouldn't be upset  
With sunshine  
You shouldn't feel depressed  
But feel good like you should  
And see all these things  
That city living bring

It was just yesterday  
You were innocent  
Just so innocent  
The trouble that life brings  
Don't you fall for it  
Don't you fall

Stop, stop, stop  
Drop, drop, drop

It was just yesterday  
You were innocent  
Just so innocent  
The trouble that life brings  
Don't you fall for it  
Don't you fall

In the spotlight  
You never get cold

Under the knife  
You never grow old  
You're prettier and skinnier  
And these things that misery bring
