Tell me how long have you been here  
Tell me how long have you been creep  
Creeping around  
Those webs that you're spinning have got you caught  
up in them now

All the windows are shut and the doors are locked but  
you're crawling  
Crawling back to me now

Leave me alone  
Leave me alone  
Leave me

Leave me alone  
Leave me alone  
Leave me

Oh  
Time can heal everything

My heart is slowly dropping  
My speech is starting to slur  
39 days to remission  
You left a scar to remind me but you left no cure

All the windows are shut and the doors are locked but  
you're crawling  
Crawling back to me now

Leave me alone  
Leave me alone  
Leave me

Leave me alone  
Leave me alone  
Leave me

Oh  
Time can heal everything

You've gotten under my skin

I'm hallucinating  
I can't sleep at night

You've gotten under my skin  
Irregular breathing  
I can't live

All the windows are shut and the doors are locked but  
you're crawling  
Crawling back to me now

Leave me alone  
Leave me alone  
Leave me

Leave me alone  
Leave me alone  
Leave me

Oh  
Time can heal everything
