When following your heart from the start
Oh
It's hard
I can't do this on my own

I need you to believe in me and these dreams
Everything is going to change
Everything will change if you believe

Why don't you say what you want to me
Go ahead
I am not listening

Say what you want to me
Go ahead
I am not listening

You say you're a romantic
(A romantic)
You've gotta fight for a cause
Music is my passion
It's my only true love

And those words you wrote
Oh
They cut me like a knife
If you would of chose differently I would not be in your
life

Why don't you say what you want to me
Go ahead
I am not listening

Say what you want to me
Go ahead
I am not listening

Blame it on bad timing
It's all my fault
Blame the situation
I am always wrong

Blame it on bad weather if we can't be together
Nothing lasts forever
Nothing lasts

Say what you want to me
Go ahead
I am not listening

Say what you want to me
Go ahead
I am not
I am not

Say
Say
Say what you want to me
Go ahead
I am not listening

Say
Say
Say what you want to me
Go ahead
I am not
I am not

Say what you want to me
I am not
I am not

Say what you want to me
I am not
I am not

Say
Say
Say what you want to me
Go ahead
I am not listening
