Oh. I wish you well  
And I hope someday your life turns out just like you  
planned.  
Oh. Well I hope you can  
Find it in you to forget all the things I've said.  
Yeah. And I know you will  
Cause you're my friend and that's the nicest thing I've  
said... all day  
I hope to god. I hope to god that someday you will  
understand

I don't think that you understand  
The things we say are not always the things we feel  
You need to think before you make mistakes  
Something may end up to link the reasons  
Why we do the things we had to to  
To the day where we were...  
Prove me wrong and do what you do

I don't think that you understand  
The things we say are not always the things we feel  
You need to think before you make mistakes  
Something may end up to link the reasons  
Why we do the things we had to to  
To the day where we were...  
Prove me wrong and do what you do

Oh. Well I hope you can  
Find it in you to forget all the things I've said.  
Yeah. And I know you can  
Find it in you to forget all the things I've said.
