"Jesus Was A Test Tube Baby"

Visit "[Jesus Was A Test Tube Baby](#)" on MotoLyrics.com

Science is dead
Jesus was a test tube baby
Science is read
A beaker was the Virgin Mary
Losing yourself
Burn all the sages remember
I am not dead
Come down the ancients before me

Science is dead
Jesus was a test tube baby
Science is read
A beaker was the Virgin Mary
Losing yourself
Burn all the sages remember
I am not dead
Come down the ancients before me

And it feels like science died
And it feels like science died
And it feels like science died
And it feels like science-

Science is dead
(And it feels like science died)
Science is dead
(And it feels like science died)
Science is dead
(And it feels like science died)
Science is dead
(And it feels like science died)

And it feels like science died
And it feels like science died
Maybe soon we'll ride to space again (again, again)
And it feels like science DIED

And it feels like science died
And it feels like science died
I have taken words I've said

And it feels like science died
And it feels like science died
I have taken words I've said as mine
And it feels like science died

I'm so tired
I'm so tired
I'm so tired, hey

And it feels like science died
And it feels like science died
I've taken words I've-
And it feels like science died
