"Way Down There"

Visit "[Way Down There](#)" on MotoLyrics.com

As you're lying there, your pain is sad
It's crazy all the love we had
Can you feel the music climbing through
Do you remember when kissing you

Way down there
So way down there
So way down there
So way down there

So lift up from the ground
The poison's on my skin for now
Can you feel the brushing back of you
You should still believe that dreams come true

Way down there
So way down there
So way down there
So way down there
