I only dreamed that I would find,
A loving heart an open mind,
To see the real me,
And I hoped that you would be the one.

A chance to talk a chance to grow,
I'll take the risk let my feelings flow,
I've found the words I need to say,
The teacher said you're just a slow achiever.

Suddenly you're seeing me,
Just the way I am,
Suddenly you're hearing me,
So I'm talking just as fast as I can,
To you,
Suddenly every part of me needs to know,
Every part of you.

And now I know you are mine,
You bring me love and peace of mind,
You see the real me,
And I know that you're the key.

Suddenly you're seeing me,
Just the way I am,
Suddenly you're hearing me,
So I'm talking just as fast as I can,
To you,
Suddenly every part of me needs to know,
Every part of you.

Suddenly openly you're all I want all I need you to be...

Suddenly every part of me needs to know,
Every part of you...

Just you, it's you...
