Five years back
Our lives until
We sat back and
Watch the story unfold

Could have tried more
But I lied more
I played it safe while close to home
Close to home

No adventures had
And reece was just a fad
We're growing up
So stop looking back

Wish it was just another school day

So we all can settle down
In this stupid little town
The dreams we had got swept away
Wish it was just another school day

No adventures had
And reece was just a fad
We're growing up
So stop looking back

I could have tried more
But I lied more
I played it safe and close to home
I could have tried more
But I lied more

I played it safe and close to home
It's the only way that she knows
It's the only way I know

So take a step back
And I'll pray my mate will come back
And luke can get his girl back
No he wont rule that out right now
So take a step back

And I'll pray my mate will come back
And luke can get his girl back
No he wont rule that out right now

So we all settle down
In this stupid little town
The dreams we had got swept away
Wish it was just another school day

No adventures had
Were growing up so stop looking back
