I look into your eyes and I,  
Nothing's got my heart beats racing  
And steady hands shaking  
And I'm falling into this quick sand  
What a wonderful mess we're in

I want to fall in love  
And tonight I want to fall  
For you

Let's raise our glasses high  
And toast the night away  
To being caught off guard  
At just the right time  
I see it in your eyes  
We need a melody to sing us both to sleep  
You'll be alright

I'm still looking for the one  
So one more drink won't hurt  
I've gotta find a way into your heart  
But I don't know where to start

Tonight I want to fall in love  
And tonight I want to fall

Let's raise our glasses high  
And toast the night away  
To being caught off guard  
At just the right time  
I see it in your eyes  
We need a melody to sing us both to sleep  
You'll be alright

You're so intoxicating  
Why am I hesitating?

Let's raise our glasses high  
And toast the night away  
To being caught off guard  
At just the right time

I see it in your eyes  
We need a melody to sing us both to sleep  
You'll be alright
