So sit still
Cause I'm not quite sure it's your time
Well, it's your time
This seems pointless and I know it
But it's taking a toll on me
I'm lost
And I don't know where to go now,
Without you now
But it's not the same here,
Without you here
But I'm holding on

My life is changing
While your eyes are fading
My hands are shaking
This moment haunting every minute
Well my life is changing
While your eyes are fading
This moment haunting it

It's so hard
Just to watch the curtains close
When lives at an end
I'm walking away now with my head down
But I know who I am
It's a fall that I won't get up from
And I hope he was right
Cause this is the first time
In a long time
That I felt out of place

My life is changing
While your eyes are fading
My hands are shaking
This moment haunting every minute
Well my life is changing
While your eyes are fading
This moment haunting it

My life is changing
While your eyes are fading
Well my hands are shaking

And this moment
Haunting every minute
Well my life is changing
While your eyes are fading
And this moment haunting it
