As I'm following up on your heartbeat
I feel her hands pull me into the backseat
I've got a feeling that I'm way in over my head

Stop me if I'm wrong I think I got the notion
Tonight could be the night we set aside devotion
We'll leave our hearts at the door
And leave you wanting more
What the hell are you waiting for?

So far so good
I think we're on to something
So far so good
Is this what you wanted?
The sweetest words rolling off of my tongue
Pace yourself cause the night is so young

Pick it up tonight, pick it up tonight
My heart is racing like I can't quite yet describe
It's the chase I like, can I get it right?
I want to be the one hold you through the night

Baby, tell me, do you want this like I do?
(It's written on your lips, I feel it in your kiss)
Baby, tell me, do you want this like I do?

So you're dressed to impress
But inside of that chest
Is a heart that can make
Such a serious mess

Although I'm aware
Baby, I just don't care
So do what you want with me
Do what you will

So far so good
I think we're on to something
So far so good
Is this what you wanted?
The sweetest words rolling off my tongue

Pace yourself cause the night is so young

Pick it up tonight, pick it up tonight
My heart is racing like I can't quite yet describe
It's the chase I like, can I get it right?
I want to be the one hold you through the night

Baby, tell me, do you want this like I do?
(It's written on your lips, I feel it in your kiss)
Baby, tell me, do you want this like I do?

It's your eye that draws me in
And pulls me to the point of sin
When this all is said and done, I'm so sold
Hush, hush, baby don't say a word (don't say a word)
Towards the end of the night and I've heard about you
And all of the things that you do

Pick it up tonight, pick it up tonight
My heart is racing like I can't quite yet describe
It's the chase I like, can I get it right?
I want to be the one hold you through the night

Baby, tell me, do you want this like I do?
(It's written on your lips, I feel it in your kiss)
Baby, tell me, do you want this like I do?

Pick it up tonight, pick it up tonight
My heart is racing like I can't quite yet describe
It's the chase I like, can I get it right?
Can I get it right?
Can I get it right?
