

Staggered Crossing "Next Of Kin"

Visit "[Next Of Kin](#)" on MotoLyrics.com

You and I have been the greatest of friends
Never gave much thought in landing
There are no degrees in love
There are no degrees in understanding

You're in my heart
I can feel you through my soul
Sha-la-la-la
You're in my heart
I can feel you through my soul
Sha-la-la-la

Can't go 'round cutting down hollow trees
When they've given up on standing
I didn't know then but I sure know now
That you were the Next Of Kin for me

CHORUS

I would never let you down
You would never let me down
I would never let you down
I would never let you down

You and I have been the greatest of friends
Never gave much thought in landing
There are no degrees in love
There are no degrees in understanding

CHORUS

I'm only over getting over you
