You don't have to answer any more questions now  
This trail of broken hearts has carved you up somehow  
In the morning when you're leaving you will belong  
A simple memory of a love that just went wrong  
I don't want to lie  
I don't want to hear any Alibis  
I just want to cry  
Sever ties and say goodbye  
When I first saw your face we were strangers on a  
warm spring night  
And in our last few days we tried to make things right  
Now every song I hear reminds me of my time with you.  
Please don't cry for me, I've cried enough for two.  
I don't want to lie  
I don't want to hear any Alibis  
I just want to cry  
Sever ties and say goodbye  
I don't want to lie  
I don't want to hear any Alibis  
I just want to cry  
Sever ties and say goodbye  
This Trail of Broken Heart was all just a lesson in loving  
your self
