Everyone in town  
They knew I was down  
I spent the whole month sporting a frown  
I wasn't sure why, I wasn't sure when  
I'd be on the road with all of my friends  
Cause all that they do is drag you down dear  
All that they do is push you around dear  
Is push you around dear  
Is push you down  
Well everyone I know, they all grew up so fast  
I watched the time pass by like an hourglass  
I wasn't sure how, I wasn't sure when,  
I'd be meeting up with them again  
Cause all that they do, is drag you down dear  
All that they do is drag you down dear  
Al that they do do do do do  
Is push you right out of town?  
So we're heading to Cleveland, I hate that town  
Heading out to the Rockies, westward bound  
Smoking all of the Amplifiers I love that sound  
Heading out to Toronto, homeward bound and  
It's all these places that I've been and seen that  
Are getting the best of me.
