"No Way Out From Pain"

How can life be as mean as black hell?
Dark as a heavy sprawling cloud,
How does it make any sense?
How can life be that long and yet short?
How come I fell intense cold,
And inside feeling me hot?..

How can you turn your back to my face?
Cold as freezing ice when I was
caunting you as my friend..
How will I stay and live forever?
Make my soul unbreakable
And die within this symbol

There is no way out from pain.
That's what I was learning,
That's my real moto!
There is no way out from pain.
keep it in your mind
and don't hide your sorrow!

Evil demons of darkness city,
You're my enemies!
Evil people that trying to kill me,
Don't take other's dreams !

Evil demons of darkness city!
Look, im sitting over here,
Why won't you come and get me?
Evil demons of darkness city!
Wasting time by fly on dragons
When you've got the right rings..

Evil people that trying to beat me!
Not afraid to mess with you,
Why won't you come and fight me?
Evil people that trying to kill me!
Wasting time by steal and murder,
wonder what your life mean's..

There is no way out from pain.

That's what I was learning,
That's my real moto!
There is no way out from pain.
keep it in your mind
and don't hide your sorrow!

Evil demons of darkness city,
You're my enemies!
Evil people that trying to kill me,
Don't take other's dreams !
Evil demons of darkness city,
I will cut your rings.
Evil people that trying to kill me,
You will better shout cause
I am gonna nock you out!
