I think I'm screaming out, or is it just the sound  
Of everyone I've hated looking down on me.....I feel the  
same way  
I think I hate you know, I think I've had enough  
By the way my words have faded, I'd give you anything  
Just to live again

And if I had the chance to be with you forever I would  
take away everything outside of me  
Because you are so much more

We have spent the best days of our lives  
Singing choruses about the times our lives pass by  
Charishing these memories within

This worlds a sinking ship, but I'll love thought of you
