Its a time bomb just waiting to explode
the world is ending most the people dont even know
its a boxcar with alterations to make us go faster in a
fast world

And the cali girls with their makeup on
the boys are on the full front cruising out
they got a target that target is me
this whole thing can end up being tragedy

You really got it goin a really nice shot
a really nice shot thats pointed at me
you really got it goin a really nice shot
a really nice shot thats pointed at me
a crowd starts to look my way im acting like nothing is
wrong
but i shouldnt dare keep on living life at my on time

you got the local scene with the critics and zeens
the scenesters with their glasses and their beautiful
clothes
and the entertainment is never ending
the corperations taking all of our time

do you feel like a chain store
tryin to buy what you cant afford
if there is a fool a fool under language its gettin
serious
this time i slamming the door

You really got it goin a really nice shot
a really nice shot thats pointed at me
you really got it goin a really nice shot
a really nice shot thats pointed at me
a crowd starts to look my way im acting like nothing is
wrong
but i shouldnt care keep living life at my on time
woo!
ba ba ooo ba ba wooo ba ba ooo ba ba wooo you got it
you got it you got it

You really got it goin a really nice shot

a really nice shot thats pointed at me
you really got it goin a really nice shot
a really nice shot thats pointed at me
a crowds looking my way im acting like nothing is
wrong
but i shouldnt dare keep living life at my on time
