Seems like only yesterday
Fooling around was cool
Then you changed your mind and went away
Leaving me just a fool
And blue eyed woman
You're the only one
And I still love you

When we began we made a deal
That neither would have to change
But I knew right then it wasn't real
A movin and painful game
And blue eyed woman
You're the only one and I still love you

And hey hey hey hey
What did you do
I know you lost sight of the golden rule
and now my blue eyed girl
there is nothing in the world
can bring me close to you

Still in my dreams I see your face
I wish we had made some plans
Now it seems like nothing can replace
the touch of your loving hands
and blue eyed woman
You're the only one and I still love you

Ou my blue eyed woman
You're the only one
And I still love you
