Devil you  
When will you ever learn  
I said now devil you  
Someday you're gonna burn  
Devil you  
You never ever come home  
All the time you spend wandering you might as well be  
on your own

I said now devil you  
You were my one desire  
I said now devil you  
You used to light my fire  
Devil you, we can't go on this way  
Always gone in the night  
I never see you in the day

And all the morning's when I'm sleeping sound  
You knock knock knock knock knock  
Till the door falls down  
And all the men you hang around with  
Now Devil you  
Devil you  
What you do

Devil you you're really into sin  
If you tell them all somebody's gonna turn you in  
And all the morning's when I'm sleeping sound  
You knock knock knock knock knock  
Till the door falls down  
And all the men you hang around with  
Now Devil you  
Devil You  
What you do
