Redneck, Alabama

(Verse 1)

She never liked the way that Alabama clay  
Would cling when it stuck to her bare feet  
One more heavy burden, tellin' her for certain  
She's in Redneck, Alabama on a dead end street

(Verse 2)

Raised up like an outcast heard 'em whisper white trash  
But words alone she knows don't make it so  
Mem'ries will remind her they could have all been  
kinder  
But in Redneck, Alabama that's the way it goes

(Chorus)

In Redneck, Alabama  
There's no sweet home memories

When you're sixteen and pretty  
All you know is you gotta leave  
And there's a man in a Cadillac  
With a hundred dollar bill  
Out of Redneck, Alabama  
The roads all run uphill

(Bridge)

She tucks that hundred dollar bill into her dimstore  
purse  
Leaves yesterday behind and prays tomorrow won't be  
worse

(Repeat Chorus)
