"Winter In Madrid"

It's winter in Madrid,
You are so exciting,
Winter in Madrid,
Everything inviting,
You and I should carelessly fall so in love,
So in love, so in love, so in love.

It's winter in Madrid,
Coffee on the terrace,
You're the handsome prince,
I'm the lonely heiress,
So why don't we carelessly fall so in love,
So in love, so in love, so in love.

Watching the matador
First was fun then a bore,
I'd rather look at you
'Cause you make dreams come true.

And now it's
It's winter in Madrid,
Lips are warm and tender,
It's winter in Madrid,
Please let me surrender,
So we two can carelessly fall so in love,
So in love, so in love, so in love.

It's winter in Madrid with you!
