In a foreign land  
In a foreign time  
Reaping time had come

I'm falling back into  
Fields of rape  
I'm falling back into  
Fields of rape  
We're falling back into  
Fields of rape, my love

And this was the way  
And those were the horrors  
As father went reaping

I'm falling back into  
Fields of rape  
I'm falling back into  
Fields of rape  
We're falling back into  
Fields of rape, my love

Crushed, crushed, crushed  
Mother bleeding  
Crushed, crushed, crushed  
We stand grinning

In a foreign land  
In a foreign time  
Reaping time had come
