Grandma is a rhino  
My brother is a dog  
I can tell it's animal day  
'cause my best friend just turned into a frog  
Mommy is a monkey  
My girlfriend is a horse  
But I'm not turning into anything  
I never caused animal wars!

Uh-oh!  
Fur has covered my hands!  
I'd better run to the mirror!  
I'm an animal!

Chorus:  
It's animal day  
It's animal day  
It's animal day  
It's animal day

Now the animals have cars  
They're starting to run us over  
Notches on the steering wheel  
My pet is calling me rover  
Deers are hunting for humans  
Seals keep crushing our heads  
Animals betting on us at the track  
My animal's in my bed

Chorus repeat
