I know it's wrong but it feels so right when everything is
Coming, crashing down crashing down.
So rush me off and seize your day
There's not more letters
No more words to carry

It's not right but it's so easy to realize in your smile
And now I don't think I can believe
Well, don't you see me, it's too late the whole's
done we're fine
You're not fine it's alright it's alright

Well there's no reason there's no way listen closely
Hear me breath, hear me breath
Cause I don't wanna live and I don't wanna breath
And I don't want to stay but I don't want to leave

It's not right but it's so easy to realize in your smile
And now I don't think I can believe
Well, don't you see me, it's too late the whole's
done we're fine
You're not fine it's alright it's alright

(Whoa...)

But it's too late to be running around like this,
Believe me these meticulous ways don't mean
anyway,

But you'll always know it's not right
But it's so easy to realize in your smile
And now I don't think I can believe
Don't you see me, it's too late the wholes done
We're fine you're not fine it's not right

But it's so easy to realize in your smile
And now I don't think I can believe
Well, don't you see me, it's too late the whole's
done
We're fine you're not fine it's too late.
But it's alright
It's alright

Â...ItÂ's alright
