cry, cry for you

just like you knew I wouldn't do

cry, cry for you

just like a song in the last light

should I (bleed/leave) it all away

not like the kindness that you gave

that's why it never seems the same

behind your eyes

I (stood/stayed) behind when no one asked me

and took you home after the fight

I drove my car into city lights

drove down the road that I am (on)

cry, cry for you

that's what you think I want to be

cry, cry for you

an empty heart that sees me through

cry, cry for you

just like you knew I wouldn't do

cry cry for you

just like a song in the last light

cry, cry for you

just like a you knew I wouldn't do
