Just because

You call my name

I cannot hear

It's not the same

You close your eyes

And knock me back

All the things that I had to have

And now you choose the thorny cave

I can't believe what I had to say

All the things you never say

I'll never be what you want me to be

Now I can't disappear

Close your eyes and look at me

I can't believe what I cannot see

Everything is like you say

Change your mind and you'll have to forgive

And I can't disappear

Now I can't

Now I can't
