In the heat of the night  
I feel the hunger burning me inside  
In the heat of the night  
I see the starlight shining in your eyes

Here I stand once again  
In the heat of the night  
Searching high, searching low  
I've never felt so alive

'Cause tonight I'm gonna start the fire  
I'm gonna lose my self control  
You know what I want  
Nothing's gonna stop me now

'Cause in the heat of the night  
I feel the hunger burning me inside  
In the heat of the night  
I see the starlight shining in your eyes

You could be my destiny  
In the heat of the night  
I'll find a place, a place in time  
But need the city lights

'Cause tonight I'm gonna start the fire  
I'm gonna lose my self control  
You know what I want  
Nothing's gonna stop me now

'Cause in the heat of the night  
I feel the hunger burning me inside  
In the heat of the night  
I see the starlight shining in your eyes

Tonight I'm gonna start the fire  
I'm gonna lose my self control  
You know what I want  
Nothing's gonna stop me now

'Cause in the heat of the night  
I feel the hunger burning me inside

In the heat of the night  
I see the starlight shining in your eyes

'Cause in the heat of the night  
(In the heat of the night)  
I feel the hunger burning me inside  
In the heat of the night  
(In the heat of the night)  
I see the starlight shining in your eyes
