You don't have to be an ass kisser  
You don't have to say a thing  
I don't need your damn approval  
I just want to hear you scream

You don't have to love me long time  
Never said you had to stay  
Gotta feel what ya feel  
In your own kinda way

Giving all I can to you  
Even when I'm down, I'm always coming through  
Feel it in my voice tonight, everything is real and I  
would die for you

You can follow me to heaven  
We can blow it all to hell  
We can push it to the edge  
Till we know each other well

I don't need to feel ashamed now  
I'm just doing what I know  
If you like it come on over  
If you love it steal the show

Giving all I can to you  
Even when I'm down, I'm always coming through  
Feel it in my voice tonight, everything is real and I  
would die for you

I would follow you to heaven  
Let you take me down to hell  
Can we push it to the edge  
Till we know each other well  
I don't need to feel ashamed now  
I'm just doing what I know  
If you like it come on over  
If you love it steal the show

Giving all I can to you  
Even when I'm down, I'm always coming through  
Feel it in my voice tonight, everything is real and I

would die for you  
Giving all I can to you  
Even when I'm down, I'm always coming through  
Feel it in my voice tonight, everything is real and I  
would die for you
