What you think you are  
What you think you know  
What you want it all to be  
What if something changed?  
Everything was strange  
In a new reality

And that giant wall was not so tall  
And the enemy was you

Turn off your head  
Turn it off now  
Wake up your self  
Don't let it in  
Turn it off now  
Break from your shell

What they're looking for  
What they're running from  
What they really want to do  
What if it was here?  
Everything was clear  
Waiting in a different view

And that stupid pain was all in vain  
There was really nothing wrong

Turn off your head  
Turn it off now  
Wake up your self  
Don't let it in  
Turn it off now  
Break from your shell

You are what you think  
You are not what they think you are

Turn off your head  
Turn it off now  
Wake up your self  
Don't let it in  
Turn it off now

Break from your shell
